

PRIMELINE

Stainless Steel Sprayer

B&G

FEATURES & BENEFITS

INDUSTRY STANDARD

B&G Primeline sprayers are known as the most reliable sprayer in pest control since 1949.

SERVICEABLE

Service parts and support are available to make your investment last and survive normal wear and tear.

PRECISION SPRAY

Best-in-class brass wand and pump mean consistent performance, accurate spray, and less waste.

ACCESSORIES FOR JOB ACCURACY

4-way adjustable nozzles, attachments, and straws are available to make sure you can get the job done right.

DESIGNED FOR YEARS OF SERVICE

The stainless steel tank and seals (washers) are designed to withstand the abuse of strong chemicals and tough job demands.

PREMIUM HOSE ASSEMBLY

The Primeline rubber hose and spring strain relief are built to ensure durability of frequently strained parts while being easy to use.
