

MINI-T INSECT MONITOR AND TRAP

Same great design as the B&G Low Profile Trap but in a compact size.

- » Food based attractant in glue
- » Moisture resistant stock
- » Highly effective glue for a positive catch rate
- » Works on a wide variety of pests including Bed Bugs
- » Can be used in sensitive accounts where pesticide use is limited
- » Économical yet very effective

Can be private labeled with your name or logo under the glue for as little as 2000 traps at no additional cost.
