

NEW BACKPACK SPRAYER

B&G

The B&G Backpack Sprayer: engineered for professionals who won't compromise. Designed for the pros who demand both power and precision, this 2.5-gallon sprayer is lightweight yet tough enough for all-day use.

Powered by a robust 21V, 5.2Ah battery, it delivers maximum efficiency and extended runtime—meaning uninterrupted performance. Included with the industry standard B&G Extenda-Ban valve, ensures years of reliable service while giving you pinpoint control over every application.

FEATURES & BENEFITS

TRUSTED, REBUILDABLE EXTENDA-BAN VALVE

The heavy-duty brass Extenda-Ban valve is made with Viton seals and features a non-drip tip. It's completely rebuildable and designed for years of reliable service.

VERSATILE SPRAY CONTROL

Comes with pin-to-cone nozzle for a variety of applications and a spray distance of up to 25 feet.

ADJUSTABLE PRESSURE

Use the knob to quickly adjust pressure from 10-95 PSI.

RECHARGEABLE & INTERCHANGEABLE BATTERY

Rechargeable battery delivers up to 5 hours of continuous use. Easily check the charge level with the integrated indicator. Compatible with select commercially available battery brands.

PRIMELINE ACCESSORIES COMPATIBILITY

Compatible with a wide range of Primeline sprayer accessories.
