

VERSA-FOGGER

ULV Fogging Backpack Applications

B&G

180 MPH BLOWER

26 LB DRY WEIGHT

1-GAL FORMULATION TANK

GAS-POWERED, NO NEED TO MIX WITH OIL

MULTI-PURPOSE MISTER AND FOGGER. ADJUSTABLE NOZZLE YIELDS DROPLETS AVERAGING 33-54 MICRONS

DROPLET THROW OF 10-12 FEET

FEATURES & BENEFITS

ADJUSTABLE NOZZLES

Variable droplet size and flow rate enable the Versa-Fogger to deliver droplets in the ULV range, effortlessly moving from mist to fog applications.

Adjustable tip on the nozzle for quick adjustments.

Smaller droplets than most misters.

PORTABLE

Lightweight Design.

Comfort grip top handle for easy lifting and securing.

HIGH EFFICIENCY ENGINE

Equipped with a reliable and easy-to-start 4- stroke, air-cooled Honda engine that uses regular gasoline - no need to mix oil with the gas.

WATER OR OIL-BASED FORMULATIONS

Both gallon and liter measurement mark labels.

Clear formulation hose for leak inspection.

INDUSTRIES

Agriculture.
Disinfection.
Pest control.
Vector control.

COMPATIBILITY

Water or Oil-Based Insecticides & Disinfectants.
